Teach Them Jesus Sep 21 2022 Anyone who has tried it, even for a day, knows that children's ministry is

challenging. Pastors Deepak Reju and Marty Machowski have been in your shoes and they want to help. Drawing on decades of family ministry experience, they have a passion to help children's ministry directors, pastors, and volunteers remember the "why" of children's ministry and gain a fresh vision for the "how" of effective discipleship and proactive nurturing of the next generation. As you recruit volunteers, organize materials, set up safety policies, and manage the many needs that come your way, you may feel overwhelmed, discouraged, and wonder if your ministry is even effective. Reju and Machowski have a passion to help those involved in children's ministry remember that it more than just providing safe childcare so that parents can attend worship services; it's about raising up faithful believers who love the Lord, stand firm in the gospel, treasure Scripture, and have a heart for others. These goals can only be met if the whole church is committed to prioritizing time and energy into disciple-making and sets proactive policies for children's safety. Readers will learn about highlighting Bible-based content, recruiting church members, planning for emergencies, and partnering with parents. Teach Them Jesus equips ministry leaders with the right priorities, people, and practicalities needed for fruitful nurturing and care of the youngest disciples in the church.

Reaching a Generation for Christ Jul 19 2022 Things have changed. The Truth has not. The 1950's are gone forever. The days of the Sunday school attendance award and the much-loved Sunday school picnic have faded into oblivion. Yet some youth ministries still operate as if today's kids are living in a vacuum, unaffected by the

changing morals of today's society. How can we reach these kids with the truth of the gospel? More than fifty of America's youth experts give advice and encouragement to those who long to see this generation know the love of Christ. They help readers think through their philosophies of youth ministry, break down barriers that impede progress, and maximize their own gifts and the gifts of those who work with them. They answer tough questions such as: How can leaders build a relational youth ministry? How can we find and support volunteers? What are the issues women face in youth ministry? How do we minister in ethnic communities? How should we respond to popular culture? How can we help hurting adolescents? You can have a vibrant youth ministry even in these uncertain times. You can reach this generation for Christ.

Perspectives on Family Ministry Jun 18 2022 Every church is called to some form of family ministry, but this calling requires far more than adding another program to an already-packed schedule. The most effective family ministries refocus every church process to engage parents in discipling their children and to draw family members together instead of pulling them apart. In this second edition, Jones expands the definition of family ministry, and broadens the book's focus to address urban perspectives and family ministry in diverse settings.

The Diaconate Jun 25 2020 This book is a highly readable, comprehensive study that has established itself as the definitive work on the diaconate. Drawing upon original sources, the book provides valuable insights into the development of the office of the deacon in the early

church and situates it within the context of the church's total ministry. Dr. Barnett contends that a radical change in the nature and understanding of the church's ministry took place in the fourth century. A ministry that had included the whole people of God in a horizontal, organic structure gave way to one that was clerical and hierarchical. This change, among other factors, eventually transformed the diaconate into an inconsequential, transitional office on the way to the priesthood. Responding to the present-day revival of the diaconate in the Roman Catholic, Episcopal, Lutheran, and other churches, Barnett calls for a restoration of the office to its original place as full and equal order, thus re-creating the great symbol of the servant ministry that Christ gave to all the church. James Monroe Barnett, now living in retirement in Omaha, is the former rector of Trinity Episcopal Church, Norfolk, NE.

Youth Ministry That Transforms Jun 06 2021 A first-of-its-kind study of Protestant youth ministers reveals the hopes, frustrations, and effectiveness of today's youth workers. Of the 7,000 youth workers assembled in 1996 under Atlanta's Georgia Dome, a sample of 2,130 full-time youth ministers from dozens of Protestant denominations and parachurch organizations answered a battery of exhaustive, deliberate questions covering: What they liked best about youth ministry What particularly pleased them in their work with youth What they found most encouraging or discouraging Their biggest obstacle to an effective youth ministry Their biggest concern in youth

ministry Their answers revealed a dedicated group of professionals, concerned about the students in their ministries, but troubled with a variety of perplexing issues. And their answers form the backbone of *Youth Ministry That Transforms*, a comprehensive analysis of this groundbreaking study (funded by the Lilly Endowment) focusing on the hopes, frustrations, and effectiveness of today's youth workers. Spearheaded by Merton Strommen--one of America's most exemplary and influential thinkers and authors in youth and family ministry--the research-writing team is joined by Karen E. Jones and Dave Rahn of Huntington (Indiana) College's Link Institute for Faithful and Effective Youth Ministry, and acknowledged leader in the task of undergirding youth ministry with a research base. These three deliver thorough analysis and sound interpretation regarding the state of youth ministry at the dawn of the 21st century. *Youth Ministry That Transforms* belongs on the desks and in the classrooms of all who are concerned with this developing profession, including denominational and parachurch leadership, professors, youth ministry students, and thoughtful youth workers themselves. It is also an insightful resource for any who want to understand youth ministers and their profession: senior pastors, executive pastors, and other individuals and committees charged with hiring and supervising youth workers.

Churches That Make a Difference Feb 14 2022 Churches over the past generations have been weakened by a failure to meet both the physical and spiritual needs of their communities. Many have adopted a narrow vision, focusing on only one aspect of ministry. In *Churches That Make a Difference*, best-selling author Ron Sider and his coauthors give those involved in community outreach a comprehensive resource for developing holistic ministry--a balance of evangelism and social outreach. Illustrations and helpful organizational tips detail the how-to's of an effective holistic ministry. Case studies that show how different churches across the United States reach out to their communities provide a variety of ideas and practical applications. User-friendly tools are included as well for congregational studies, surveys, evaluations, and community assessments. The authors draw on extensive experience with church ministries and faith-based organizations as they share the life-changing vision and biblical mandate for living the whole gospel. Youth Ministry Jul 27 2020 This book aims at contributing to the scientific and academic discourse as regards to the 'what' and 'why' of youth ministry. Too often, youth ministry has been approached from a mainly practical point of view, almost asking how we keep young people off the streets. Its methodology has often not included the theological and theoretical presuppositions that lie behind this ministry. Previous scientific reflection has been determined by a one-dimensional and almost exclusive point of view. In comparison with existing literature, this book does not focus so much on the 'how' of youth ministry. It innovates a different approach. The book challenges the existing exclusive approach and develops an inclusive, congregational and missional understanding of and approach to youth ministry. From a particular perspective on the understanding the main objectives of Practical Theology, the author endorses the so-called movement of 'what is supposed to be going on'. He adds the outcome of an empirical round table discussion with some 16 leaders in this field on the descriptive and interpretive movements within the subject field: what is

going on and why is it going on? The book will form the standard for any new research with regard to youth ministry. The book's contribution lies on the level of sound theological reasoning and argumentation (supported by many scholars) for an inclusive congregational understanding of ministry as an integral part of every congregation being missional in being and doing. Youth, children, adolescents and emerging adults, are just as integral a part of every congregation within which they live and serve.
